

**Geoffroy Vander Linden**  
***Head of Transparency Solutions***  
**Trax**

Geoffroy Vander Linden joined Trax in 2014 and is the Head of Transparency Solutions. He is responsible for the future development of Trax's cross asset-class transparency and trade reporting solutions for MiFID II. Geoffroy previously sat on the Consultative Working Group of the ESMA Market Data Reporting Working Group, which focused on providing advice and recommendations to the European Commission on technical standards and guidelines. Prior to joining Trax, Mr. Vander Linden spent over 10 years with Euroclear where he held a number of roles including Product Manager for liquidity management and clearing services. Within this role, Mr. Vander Linden was tasked with managing relationships between UK and Irish based clearing houses and trading venues whilst also implementing clearing and settlement practices according to MiFID mandates.
