

Ram Ganesan

Head of Asia Product Management

MarketAxess

Ram Ganesan is part of the global salesforce based in Singapore. His primary responsibilities include building and maintaining a relationship with investment banks that are active in fixed income trading in Asia. Additionally, he is also responsible for enhancing the product offering of the MarketAxess platform in Asia. Ram relocated to Singapore to grow the Asian business after spending over 12 years with MarketAxess in New York. During this time, he was responsible for product development for Straight-Through-Processing (STP) and fixed income market data/analytics and worked with institutional clients and investment banks in North America. Ram's background includes product development, relationship management and business development. Ram is a CFA Charterholder and holds an MBA in General Management from the University of Maryland University College.
